

# You deserve great service and value

The last thing you need is an expensive breakdown or a high utility bill.

Avoid these worries with our Energy Savings Agreement. Our Energy Savings Agreement will save you money on your annual cooling and heating costs. Our clean and checks keep your equipment in top working order so you can save energy and money.

If you do need a repair your agreement also entitles you to big savings.

*-Bob Zaborniak, President*

# What our customers have to say about us

My father's thermostat was wired incorrectly. Bob from B and Z identified the problem, performed a clean & check, and the furnace has never run better! Thank you Bob!!!

*-Dorothy R. of Lemont, IL*

Fast, honest, reliable service. Bob is my go to guy for my heating, air and humidifier repair. He is awesome and always seems to be in out my area.

*-Stephanie M. of Plainfield, IL*

B and Z Heating & Air just installed a complete Carrier HVAC system in my home. Removed the old system installed the new equipment, all work was professionally done. AC & Furnace was top of the line from Carrier and price was more competitive than other contractors in the area. Bob Zaborniak the owner is very good to work with, he upgraded the thermostat to WiFi and installed a return duct in the basement at no charge. I am totally satisfied and highly recommend them. They are neat and cleaned up everything, job was well done!

*-Kevin B. of Orland Park, IL*

# Is an Energy Savings Agreement a good investment?

We are often asked if investing in an Energy Savings Agreement is a good idea. Absolutely. Regular maintenance is one of the most cost-effective ways to increase efficiency (which saves you money), maintain comfort and helps ensure your systems are working properly to maintain longer equipment life. In addition, our professionally trained service technicians will keep an eye out for potential problems before they become big ones and look for more ways to improve your comfort and efficiency.
